

JOOLA Pickleball

Why we chose Pickleball...

...because it is the fastest growing racket sport in the world – and it was immediately clear to us: this is a game we want to help shape.

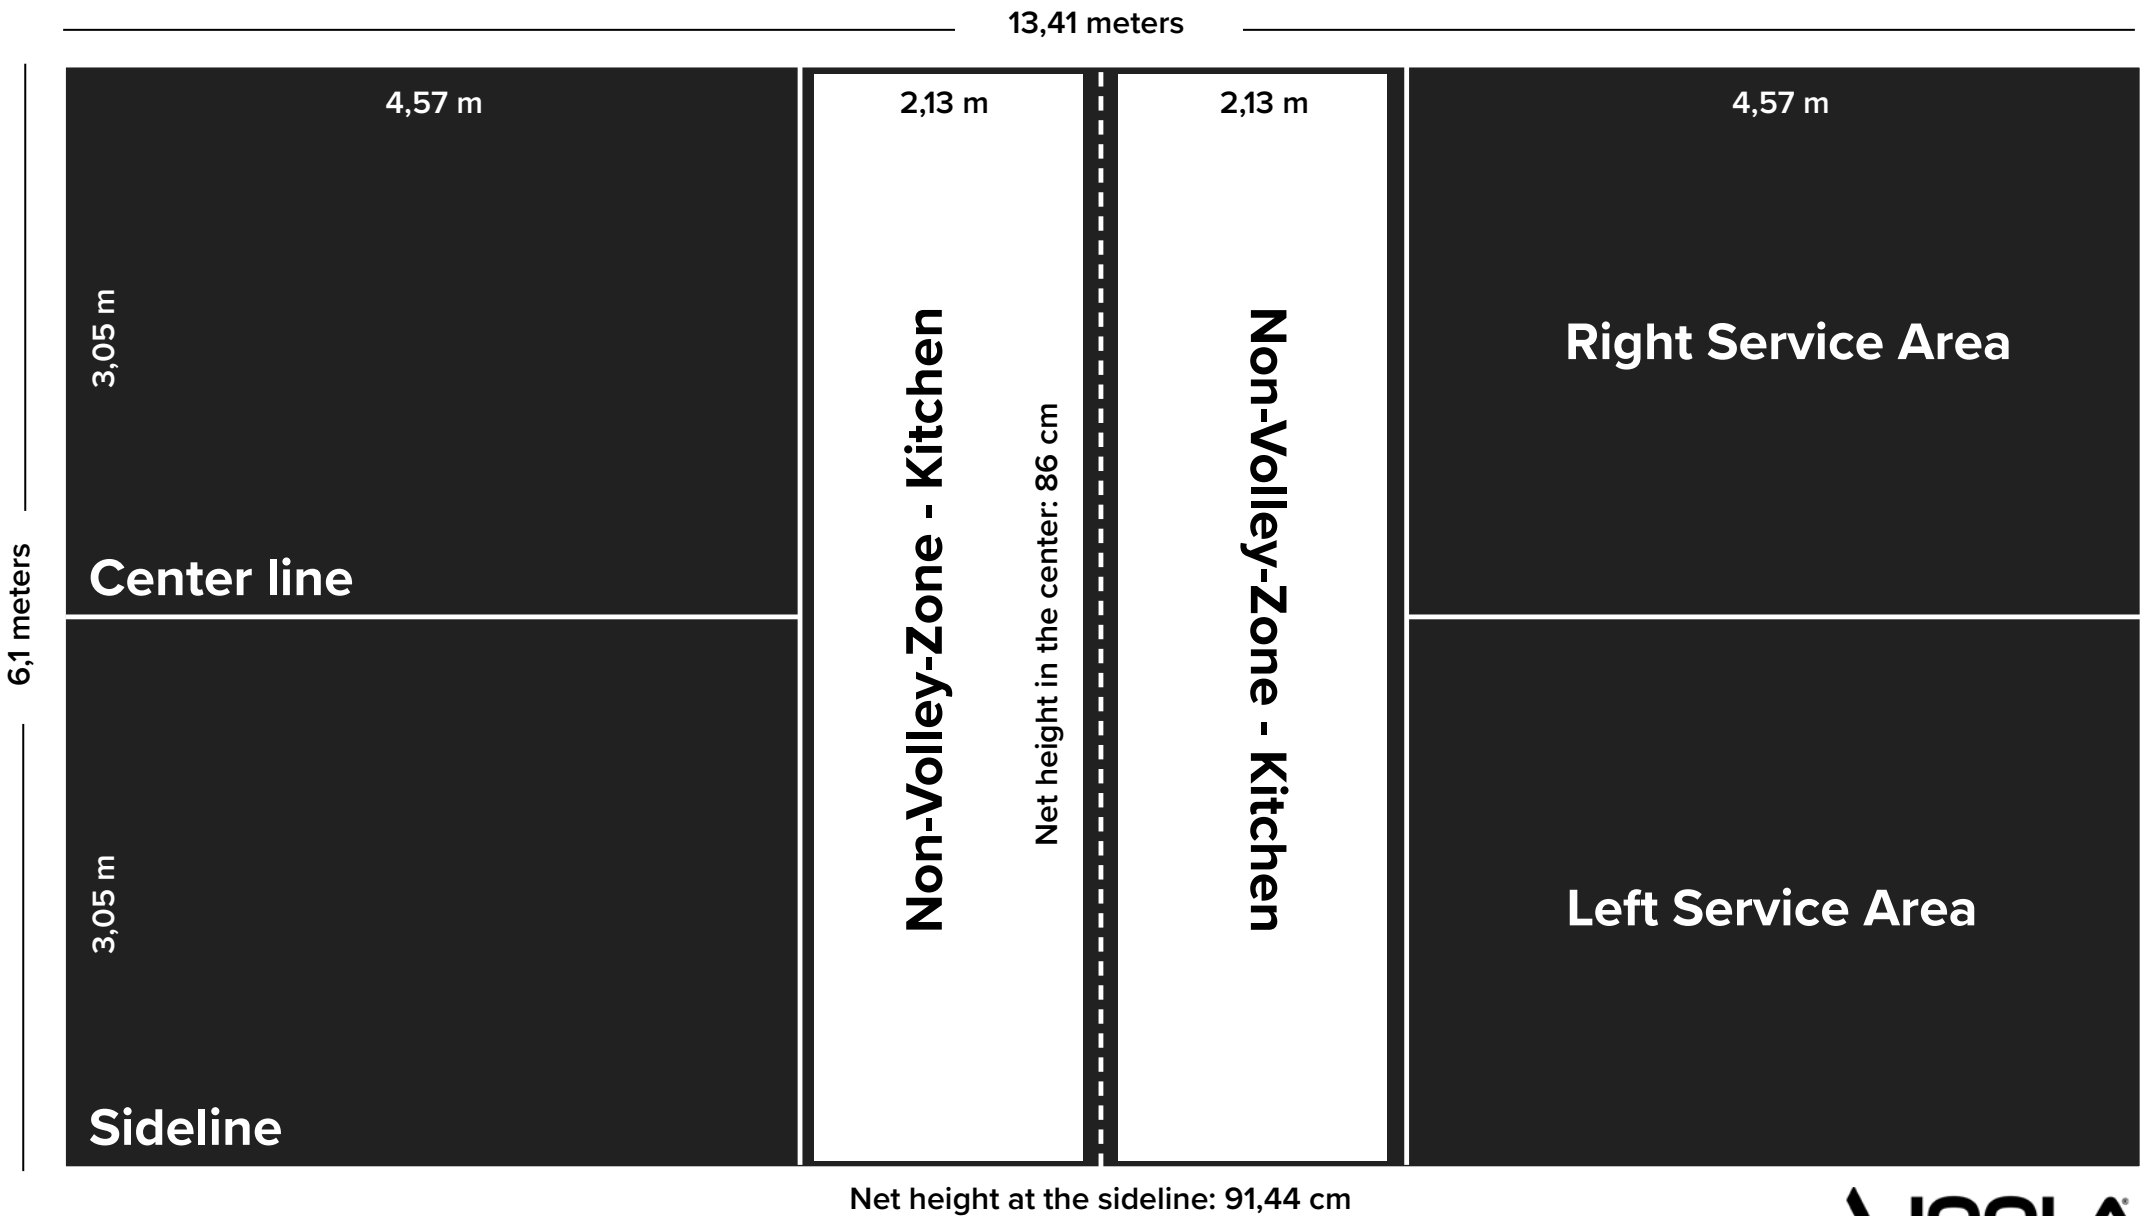

With our experience in racket sports, we know what it takes to offer athletes the best equipment. Our entry into pickleball was the logical consequence: driving innovation, delivering the highest performance and strengthening the community.

Pickleball combines dynamics, strategy and fun – values that fit perfectly with JOOLA. Our goal is to further develop the sport in Europe, make it accessible to players of all levels and set new standards with our technology. Because whether it's table tennis or pickleball, we stand for precision, passion and the highest quality – for your game.

JOOLA

NEWSBOOK 2025

Pickleball captivated us from the very first moment.

The energy, the strategy, the incredible community — this sport combines everything we love about competition and movement. When we started playing one thing became clear: we wanted to help to bring pickleball to more people around the world.

With JOOLA, we found the perfect partner. Not as sponsors, but as equals — driven by the same passion, pursuit of perfection, and mission to spread Pickleball globally. To us, JOOLA is best in class — in innovation, quality, and the vision to inspire more people to embrace this sport. That's why we are committed to growing Pickleball, especially in Europe, and encouraging more people to experience this incredible game.

Pickleball is here to stay — and we're all in.
